

# YOUR SEPARATION SPECIALIST

MINING AND MINERALS, FOOD,  
CHEMICALS, AND ENVIRONMENT

ENGINEERED SUCCESS

# What's your biggest challenge?

Are you looking to boost efficiency? Save resources and energy? Or simply improve your end products? Whatever your challenge, more than 2,000 separation specialists at ANDRITZ are on hand to put our experience, financial strength, and technical resources to work for you.

We've delivered tens of thousands of installations worldwide, including everything from standard to customized thermal and mechanical separation solutions. And while we're proud of our technologies, we're even more passionate about the results our specialists have helped to achieve.

# A world of separation solutions

## MINING & MINERALS

### SEPARATION EXPERTISE FOR YOUR SUCCESS IN THE MINING AND MINERALS INDUSTRY

Need to boost ore throughput? Improve your separation of precious minerals? Whatever your mineral processing needs, we help you reduce operating costs and improve quality.

#### KEY APPLICATION AREAS:

POTASH
LITHIUM
COAL
TAILINGS
BASE METALS

We have earned a reputation among many leading mining and mineral processors for providing the world's highest-capacity dewatering technologies, with the lowest possible operating costs. For others, it's a matter of minimizing wastewater from tailings in remote deserts or ensuring the ideal residual moisture for their final products. Whatever the challenge, our wide range of solutions for potash, coal, tailings, metal mining, and more ensures that we can always meet your requirements.

## FOOD

### THE RIGHT INGREDIENTS FOR YOUR SUCCESS IN THE FOOD INDUSTRY

Want to get more from less? Purer products? Better taste? With more than 100 years' experience in the food industry, serving everyone from multinationals to smaller family operations, we can promise you one thing: your goals come first.

#### KEY APPLICATION AREAS:

STARCH
BEER AND BEVERAGE
VEGETABLE OIL
VEGETABLE AND ANIMAL PROTEIN
DAIRY

Cheese or chocolate. Palm oil or wine. Presses, centrifuges, filters, screens, or drying systems. The applications may vary, but the need for reliable, efficient, and hygienic ways to improve product quality remains the same. This is why hundreds of food and beverage customers – from the largest multinationals to the smallest family companies – have turned to ANDRITZ.

## CHEMICALS

### SOLUTIONS YOU CAN COUNT ON IN THE CHEMICALS INDUSTRY

Are you looking to boost output for growing markets? Need to lower operating costs with an automation system that's ahead of the curve? How can you ensure your next product innovation is error-free? And how will you guarantee 24/7 production?

#### KEY APPLICATION AREAS:

AGROCHEMICALS AND FERTILIZERS
PETROCHEMICALS AND POLYMERS
SODA ASH AND TECHNICAL SALTS
SPECIALITY CHEMICALS
PHARMA AND BIO-CHEMICALS

In terms of product purity and plant safety, chemical manufacturers are among our most demanding customers. These strict process requirements and specific chemical characteristics drive our technology selections to give you the optimal filters, presses, centrifuges, decanters, purifiers, concentrators, drying/cooling, and automation systems for your needs. Need a more tailored solution? Our own test and pilot facilities are available to help.

## ENVIRONMENT

### PROCESS EXPERTISE FOR SUSTAINABLE ENVIRONMENTAL SOLUTIONS

Challenging municipal budgets. Water shortages. A need for renewable energy. Today, there's simply no room for waste. Getting the most efficient separation is essential, not just to profitability, but also to ensuring sustainable growth.

#### KEY APPLICATION AREAS:

INDUSTRIAL WASTEWATER
MUNICIPAL WASTEWATER
DESALINATION AND POTABLE WATER
BIOMASS PRODUCTION
ORGANIC WASTE

Based on our process expertise, we have successfully delivered more than 10,000 references in the environment sector and are adding as many as 500 new references per year. Our industry-leading portfolio includes dewatering, thickening, and drying technologies, as well as screening and ancillary solutions. So whatever your specific needs, we can always supply the best solutions for municipal and industrial wastewater, potable water, biomass, and organic waste applications.

## Worldwide service and support for non-stop productivity

Our installed base of more than 55,000 separation solutions and systems means we take service extremely seriously. Whether it's consulting, process optimization, repairs, upgrades, spare and wear parts, operator training, or service agreements, we work closely with all of our customers to ensure a lifetime of efficiency and reliability.

**LOCAL SUPPORT**  
Responsive local service centers and field service technicians

**REPAIRS & UPGRADES**  
Optimization of machine and process performance, repair work, retrofitting, and modernization

**SECOND-HAND & RENTALS**  
Certified second-hand and rental machines

**TRAINING**  
Operator training and tailored seminars for operating and maintenance personnel

**OEM SPARE PARTS**  
Filter cloths, spare and wear parts from OEMs or with OEM level quality, all readily available

**SERVICE AGREEMENTS**  
Preventive maintenance, contracts for spare parts, maintenance, inspections, repairs, upgrades, operation, and equipment monitoring

**PROCESS OPTIMIZATION**  
Automation tools and process expertise to boost your profit

**LAB AND ON-SITE TESTS**  
Lab and testing capabilities for process optimization and machine upgrades

A SINGLE  
SOURCE

## Intelligence for machine and process control: Metris addIQ control systems

With Metris addIQ, you have a well-proven, intelligent control solution for industrial processes and machines. Our solid/liquid separation specialists use their in-depth expertise to provide scalable solutions that are individually tailored to regional and application requirements. Whether you're automating new equipment or upgrading to extend the lifecycle of existing systems, we find the ideal solution for you.

Metris addIQ covers all levels of automation, starting at basic automation (machine, process, and plant control), to upgrades, and add-ons for process optimization. Together, you have a full range of optimized solutions that help reduce maintenance efforts and ensure preventive service for your machines and plants. These are all delivered from a single source and always individually tailored to your business demands. addIQ control systems are part of Metris, the ANDRITZ brand for digital solutions.
