TITLE PORTRAIT

Over 38 years on the market

BRIEF DESCRIPTION:

Autodesk's software solutions cover the entire product lifecycle - from the initial idea through planning and product development to production.

AUTOCAD Magazin reports in detail on the use, benefits and potential of Autodesk programmes and the solutions based on them in architecture, construction, infrastructure, mechanical engineering and a wide range of industry applications.

Cross-industry trends and technologies such as smart factory concepts, artificial intelligence (AI), energy efficiency and innovative design elements expand the editorial spectrum.

Designers, planners and engineers are involved in decision-making and selection processes. As a practical magazine, AUTOCAD Magazin supports these users in using their CAD and PLM solutions effectively, thereby driving forward product development and optimising product quality.

DISTRIBUTION PRINT & ONLINE

Our media reach

DISTRIBUTION AUTOCAD MAGAZINE

Our magazines are characterised by a high digital distribution. Through the cooperation with specialised partners we have constantly developed the circulation and accessibility of our magazines. Our readership therefore benefits from content that can be accessed anywhere and at any time.

For AUTOCAD Magazine this means that we can send our ePaper edition to an address pool of around 23,342 recipients - at least 15,000 copies per issue.

We understand the digital transformation not only in the content of our magazines as an opportunity. We are also developing distribution of our high-quality content in line with the advances in digital distribution. A good example of this are our social media portals as well as the reader kiosks of Lufthansa and Star Alliance partners as well as leading hotel groups, where we generate new followers every day.

EVENT PROMOTION

Events, seminars, webinars, roadshows

Events are a popular marketing tool, offering an efficient opportunity to introduce new products and create new customer contacts. **Generate additional registrations for your event, webinar, demos or online training!**

This will give you a reach of **well over 25,000 potential visitors/participants** to whom you can offer your invitation to the event.

EVENT-PAKET PRICE: € 1,850.00

Online Event Calendar:

Booking an entry in the **online event calendar**
(Image: 16:9, 1,000 px width, text up to 3,000 characters)

EVENT CALENDER PRICE: € 390.00

CONTENTS:

The **event package** includes concretely:

- **Event advertisement in the editorial newsletter** with teaser/online text (40 characters headline, 60 characters title, up to 300 characters body text, image size 300 x 169), image and link
- The **description text** (max. 4,000 characters) is available as an online advertorial, also with a link to the registration form. The article is also published on our social media channels.
- The advertorial is additionally published as a teaser in the **event channel** of the selected magazine.

STAND-ALONE-EMAIL & STAND-ALONE-EMAIL+

Stand-alone email is a campaign-related form of advertising that is usually sent only once.

We offer you the choice of selecting only our own newsletter addresses or booking the entire address base of our media network.

The basis for the below mentioned **maximum reach of over 67,989 recipients** is our magazine target group.

With Email+, we can also cater to your individual needs, meaning you can further narrow down the target group, e.g. by company size or industry.

With this form of advertising, the owner of the address sends the stand-alone email on behalf of the booking company. The sender is therefore the owner of the address and not the advertising company. Since the advertising company is exclusively mentioned in the email, the level of attention is very high.

Your benefit in detail:

- Traffic for your landing page without large detours
- Low scattering losses due to very vertical addresses

- High level of attention in the target group
- Exclusive presentation of the company
- Image transfer by using our magazine title in the header of the email

Needless to say, all our addresses and those of our partners comply with the strict provisions of the German Data Protection Act (GDPR).

KEYWORD ADVERTISING

Reduce scatter loss when delivering your banner ads!

PLAYING TO YOUR CORE THEMES

Keyword advertising is suitable for placing banner ads across industries related to your topic. This **reduces wastage** and places your banner closer to relevant topics. With keyword advertising, you reach interested parties **at the right time** in the right context. Place your banner alongside articles from the WIN/Vogel network that contain at least one of your 15 to 20 keywords

Example:

The screenshot shows a magazine page with an article about industrial robots and cobots. A dashed blue box highlights an advertisement for HIWIN. The ad features a photo of a worker with a robot arm and the text: 'Um das ganze Datenpotenzial von Industrierobotern und Cobots voll auszuschöpfen, ist daher eine zentrale Umgebung notwendig, in der cobot-, Roboter- und IT-Systeme frei kommunizieren und gewonnene Informationen zentral erfasst werden können.' Below the ad, there is a 'BUCHTIPP' (book tip) section mentioning a handbook for SMEs on robot technology.

KEY FACTS AT A GLANCE

LEAD GENERATION

This is how it works!

Take advantage of the opportunity to present yourself as a competent solution provider and generate new leads with our diverse lead-generating formats.

LEAD PACKAGE WEBINAR

LEAD CAMPAIGN WEBINAR

Are you looking for new contacts for your marketing or sales? Then our classic 'Lead Campaign' is just right for you. You will receive the contact details of our users who have registered for your webinar or watched the recording after the live event. With over 200 webinars a year, we provide you with our experience and expertise for the implementation of this format. Each webinar is moderated by a specialist author so that we can offer you a neutral platform for communicating your content. Depending on the topic we provide you with a binding lead guarantee in advance.

HOW DOES A LEAD CAMPAIGN WITH A WEBINAR WORK?

We create a registration option for your live webinar on one of our specialist portals. During the three-month campaign period, accompanying advertising measures are implemented to draw the attention of the target group to your topic. Our media team selects suitable measures to ensure the success of the campaign, with a focus on generating as many live participants as possible.

Registration for the webinar is only possible after signing up, and users will of course receive a reminder of the live event in advance. Afterwards, the lead will be available for you to download and further qualify in our Customer Centre – all in compliance with GDPR, of course!

WHICH LEADS ARE INCLUDED?

With the lead campaign webinar you receive a 'business card contact' consisting of: name, e-mail address, telephone number, job title, department, career level, industry, company with address and company size.

We offer a lead guarantee in advance, depending on the topic. Up to 100 leads are included in the campaign, each additional lead can be purchased afterwards if desired.

YOUR BENEFITS:

- New customer potential through contactable prospects
- Extensive contact information on potential interested parties
- Every lead goes through a qualification process so that we can ensure high quality of the information.
- All leads have a valid declaration of consent for advertising contact.
- Leads can be accessed via our customer center in compliance with the GDPR.
- Your media consultant will ensure the success of the campaign for the entire 3-month period.
- Neutral moderation by the specialist editorial team.
- On request, you can hold your webinar in our professional studio.
- Technical realisation by an experienced team (expertise from 200-300 webinars per year).

LEAD PACKAGE WHITEPAPER

LEAD CAMPAIGN WHITEPAPER

Are you looking for new contacts for your marketing or sales? Then our classic 'Lead Campaign' is just right for you. You will receive the contact details of our users who have read your whitepaper. We help you create suitable content and provide you with a binding lead guarantee.

HOW DOES A LEAD CAMPAIGN WITH A WHITEPAPER WORK?

Your whitepaper will be published on one of our specialist portals after it has been checked. During the campaign period of three months, accompanying advertising measures are implemented to draw the attention of the target group to your topic. Your media consultants will select suitable measures to ensure the success of the campaign. The whitepaper is only accessible to the user after registration - of course, this is done in compliance with GDPR. The lead is then available for you in our customer center.

WHICH LEADS ARE INCLUDED?

With the lead campaign, you receive a 'business card contact' consisting of: Name, contact details, job title, department, career level, industry, company with address and company size. We provide in advance a lead guarantee depending on the topic. The campaign includes up to 100 leads, each additional lead can be purchased afterwards.

YOUR BENEFITS:

- New customer potential through contactable prospects
- Extensive contact information on potential interested parties
- Every lead goes through a qualification process so that we can ensure high quality of the information.
- All leads have a valid declaration of consent.
- Leads are GDPR-compliant and can be accessed via our customer center.
- Your media consultant will ensure the success of the campaign for the entire 3-month period.

LEAD- & AWARENESS-PACKAGE

Win new customers plus increase awareness

With our publisher's lead packages, we offer our customers awareness and leads in one package. For example, the advert can be combined with a whitepaper download or the newsletter can be combined with an online advertorial and a defined number of leads. So you can do one thing with a lead package without leaving out the other.

We only deliver MQ leads, i.e. marketing-qualified leads that are not yet qualified to make a sales call. However, you have the prospect's permission to send them further information and thus convert the MQL into an SQL (sales-qualified lead) in just a few steps.

Leads are usually generated via electronic mailings in which interested parties are offered a whitepaper from our customer. By downloading the whitepaper the interested party releases their data and permission for further contact by our customer. All leads supplied by us therefore meet the high requirements of the GDPR.

We generate these lead addresses from our own address database or together with partners in our media network, depending on the quantity and required depth of information.

All our cooperation partners guarantee - as we do compliance with the legally prescribed data protection regulations according to the GDPR.

A lead address contains at least the following information:

Company name, address, company size, first name, surname, job function, e-mail, telephone number.

Should you require further information, we can provide this for an additional charge. We will be happy to provide you with a detailed offer.
